Ready to Fight to a Finish Should one Come, was built at Noble and Barnum avenues, preached last evening at the service at which the final mortgage upon the \$63,000 property was burned. The match was applied to the mortgage by Mrs. Nathan G. Cheney of New Rochelle, N. Y., whose husband started the movement to clear the church from debt. The amount of the last mortgage note was \$1,580 and over 700 people attended the services. As the paper curled into ashes the entire gathering united in singing the "Doxology."

Rev. C. E. Barto, the pastor of the church told of the history of the church which has never been out of debt before in the \$6 years it has been established. The church was the first Protestant church to be built in East Bridgeport. In 1853 the first church was built when P. T. Barnum and General W. H. Nobie each gave \$1,000 toward the structure which was dedicated in 1854. It covered an area after a basic as spire, and cost \$2,000, and

Brain, Blank for Two Years, Suddenly

Milwaukee, March 15.-A strange case of loss of memory has been solved in Milwaukee. William Childs, aged 35 years, who says he is a son of the late George William Childs, Jr., of Brooklyn, N. Y., after having been mourned as dead for two years suddenly recovered his memory yesterday when he heard the click of a photographer's camera. The camera brought back to him that he was formerly connected with a dealer in photographic succession. with a dealer in photographic sup Two years ago something snapped

as he says, in his head, and where he has been since then no one knows. A week ago he appeared in Milwauk and begged the county authorities to find out who he was. They could not help him until the camera shutter rought him once more to himself.
Hetold Assistant Superintendent Willard L. Noibohm that he was not crazy, but that he had forgotten his name, his former home, and though he knew he was in Milwaukee, he could not tell where he had been before. All mem-ory preceding March 5, the day he was taken to the insane asylum, was blotted out as though it had never been. The physicians were summoned, but they could do nothing. He appeared to be well educated and every effort was made to identify him. A photographer was sent out yesterday to get a picture and with the taking of the pic-ture the man was cured of his strange affliction. The memory of the two years which intervened between yes-terday and his strange lapse is still

hat period.

According to the story he told to the physicians he is the son of a wealthy family in Brooklyn. He was for years employed as a clerk by the Anthony Photographic Supply Company, New York city. He cannot remember how he left New York, but he knows that he was next at work for a Chicago firm of photographic supply dealers. His health falled and he went to the Moody Institute. At one of these meetings, he says, something seemed to snap, and his next recollection was his arrival in Milwaukee. He has no memory of how he happened to come to Milwaukee, but does remember Friday. March 5, when he was wandering in the snow trying to remember who
